EXPERIENCE

Senior Product Development Lead (Backend / Data Platform) ConvertCart AI System Pvt Ltd Bengaluru (Remote) - Owned ambiguous backend and product work across 50+ microservices, taking systems from architecture and migration through production operation and recovery. - Built self-serve customer segmentation from four source systems, partnering with Customer Success on the query model, builder, rollout, and auditability. - Grew the platform team from 4 to 7 engineers while supporting 200+ merchants across five commerce platforms.	Aug 2021 - May 2026
Senior Software Developer - Team Lead (Backend) ConvertCart AI System Pvt Ltd Bengaluru - Built a recommendation product from zero: designed the Manual → Automated → Smart trust ladder, regional serving path, and adoption measurement. - Rebuilt ingestion into CDC-backed flows, moving webhook freshness from days-late batch data to sub-minute and enabling new product surfaces.	Aug 2020 - Aug 2021
Software Development Lead Friday Media Group Bengaluru Led backend delivery for marketplace APIs, content ingestion, and data pipeline work while coaching engineers.	Aug 2018 - Feb 2019
Senior Software Engineer - I / Software Analyst Scientific Games Bengaluru Reduced a recurring MySQL reporting workload from 45 minutes to 3 minutes through query, index, and partition design.	Feb 2014 - Jul 2018
Web Developer / Junior Software Engineer Tenlegs and ISPG Technologies India Built web applications, email infrastructure, logistics integrations, and MySQL-backed operational tools.	Apr 2010 - Jan 2014

SELECTED PRODUCTS

- BriefMyDoctor - controlled-content and LLM-assisted product for doctor-visit preparation.
- HitReplAI - shipped browser extension with backend persistence and AI integration.
- enbus - public Tamil Nadu bus route search powered by PostgreSQL and indexed route data.
